

# UNICITY CLEANSE

Your fresh start.

Unicity Cleanse is an all-natural supplement regimen specifically formulated to purify your body and improve digestive regularity.

Although it tends to be an overlooked part of most health and weight loss plans, a well-functioning digestive system is vital to complete wellness.

One of the primary functions of the digestive system - the large intestine in particular - is to eliminate toxins and waste from our body. This happens through regular bowel movements. When bowel movements are not regular (daily), waste products and toxins accumulate in the intestine, are released into the bloodstream, and can compromise our health in a number of ways.

Although there are many causes for irregularity and constipation, the most common culprit is a diet high in sugar, dairy, and meat that include too little vegetables, fiber, and water.

Unicity Cleanse enables you to begin or recharge your health quest by safely and comfortably dislodging and removing parasites and toxins from your digestive system so you'll have nothing holding you back from reaching your health goals.

Let the gentle, purifying power of Unicity Cleanse and its patented combination of ingredients put you on the path to better health today.
