

UNICITY **BALANCE**

Healthy Cholesterol Support

Delicious, patented fiber drink to support your health and weight loss goals

Why would I want to use it?

- Calms down hunger and cravings during and between meals*
- Sustains healthy glucose, cholesterol and triglyceride levels*
- Allows your body to burn your fat for energy*
- Offsets carbohydrates you eat*
- Helps achieve weight loss goals without stimulants*
- Promotes healthy digestive function*
- Listed in the PDR (Physician's Desk Reference)

**These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.*

HOW DO I USE IT?

Mix one sachet of Balance with 8 -10 ounces of water

Shake vigorously until dissolved Drink immediately

Wait 10-15 minutes before eating your meal

Drink before your two largest meals per day

*To achieve your weight loss goals more quickly, wait a minimum of **4 hours between meals** and **12 hours between dinner and breakfast.***

How does it work?

To Maintain Balanced Cholesterol

Seven sources of soluble and insoluble fiber, (4 grams) forms a gel in the small intestines trapping **bile acids** and prevents them from being absorbed by the body. To replace lost bile acids, the body will draw out cholesterol, **reducing overall cholesterol supply**.*

Fermentation of fiber in the intestines produces short chain **fatty acids**, inhibiting the synthesis of cholesterol.

Phytosterols blocks food-based cholesterol from being absorbed into the bloodstream.*

Chrysanthemum Morifolium activates enzymes that take LDL and converts it into bile.*

To Support Healthy Blood Glucose

By slowing the rate your body turns food into glucose, Balance effectively **limits the amount of insulin** needed. Instead of turning glucose into fat, your body will **efficiently use the glucose for energy**.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

To Support Weight Loss Goals

Restores the brains sensitivity to **Leptin**, a hormone produced by fat cells helping to **regulate appetite and metabolism**.*

The **fiber matrix** forms a gel in your small intestines producing a **feeling of fullness** supporting your ability to wait four hours between meals, **encouraging your body to burn your fat** stores to meet your energy needs.*

NUTRITION FACTS: BALANCE CHOLESTEROL

Supplement Facts
