 TRANSFORMATION GUARANTEE

Helping you achieve your goals is our top priority. The goal and focus of this program is to create an external and/or internal physical transformation with measurable results. If at the end of your 12-week program, you don’t experience measurable results, or if you are not satisfied with the progress you’ve made towards your goals in this program, and you can document that you’ve kept all of the key commitments, we will refund you the cost of the program. The key commitments you are accountable for are listed below:

1. Use the products daily as directed by your coach.

2. Keep the scheduled appointments with your coach. (Let us know 24 hours in advance if you need to reschedule any appointment.)

3. Follow the nutrition guide and exercise plan as outlined by your coach. (5 days 30 mins per day at a minimum, keep nutrition guide except for free 60 mins)

4. Complete all other assignments as directed by your coach. (i.e., update measurements, blood work, etc.)

5. Update food and exercise diaries regularly. (At least every other day)

We know you will love both the internal and external changes you will experience throughout the program. Our guarantee is designed to give each participant confidence so they can move forward with the understanding that they have nothing to lose, and everything to gain through Transformation.

We look forward to helping you reach your goals and know that if you do your part, you’ll have a wonderful transformation experience.

Sincerely,

Stewart Hughes
Chairman and Chief Executive Officer
